1. Approval of Minutes from February 8, 2018
2. Reviewed the New Member Orientation. It was discussed again, to offer a follow up class. Also, suggested that the Brokers take on the update. Scott Hoffman agreed to sit-in on the New Member Orientation for 11/28/18.
3. Rob is overseeing lining up a day of technology for 4/3; Paragon, Supra (webinar), Homesnap & others will be offered.
4. Next lunch and learn for May...need to further discuss and set a date at our next meeting, if possible. Lisa Henry will be sponsoring the lunch.
5. Tour of the Boys and Girls club...Lucy needs to get with Megan Hill about a date later in the year.
6. RSS-we looked over the surveys, and the floor was open for comments...suggestions from the vendors-to have more space for them or a room just for the Vendors. The classes-overall very good responses, but we need to keep in mind to offer a variety-different from what is offered from our lunch and learns. Some ideas were to have classes which would include role playing, marketing for baby boomers....
7. Other business: Leah mentioned that this year marks the 50th anniversary for the "Fair Housing Act." Also, she mentioned there will be a radon session for the NE area, this radon class will either be free or have a small fee, and it will be 4 hours of CE.

Meeting adjourned at 3:00. Our next meeting will be on March 8, 2018 at 1:30
